

Year 2 Homework

Autumn 1

If you're in London over the half term, go and visit Great Fire of London landmarks like Pudding Lane and the Monument. You could also visit the museums or art galleries.

Why don't you create a picture using natural materials you find in the park or garden? Take a photo to bring into class.

Talk to other members of your family about what their childhood was like. Ask them about what they did for fun, what they ate and what school was like for them.
