

## Supporting Moulsham Infant Learning Experience

"Our mission is to build a strong school community by supporting the education and wellbeing of the children. We do this by strengthening connections between parents, teachers, and the wider community.

Our key activities include raising funds for school resources, equipment, and enrichment, as well as organising events for children and families. With the help of our volunteers, we aim to make learning at Moulsham Infant School a fun and rewarding experience for every child"
